HELLO EVERYBODY. A somewhat belated Merry Christmas and a Happy New Year to all the members of the A.U.G.C.

In early November, Ian Linke went solo. In early December, the Bocian (KYW) came back into service. (It is still a beautiful aircraft to fly.) This coincided with the Telecom weekend. It was a pity that more visitors didn't front up that weekend. Thank you again to everyone who helped out with the Bocian. On that same weekend, I managed a five and a half hour flight in the Arrow, the ridge lift was so strong, that I couldn't get near the ridge. Flying continued on until Christmas Eve.

From Boxing Day until the 8th of January, was a flying camp. Thankyou to all the instructors who helped out, especially to Steve Were. Many good flights were had during this camp. Congratulations to anyone who achieved goal flights. Gawler paid us a visit to receive winch ratings. Emilis also visited us. I was lucky enough to have a flight with Bob Giles, from Balaklava, in a Motorfalke, as he paid us an unexpected visit.

Unfortunately, the Bergfalke suffered a heavy landing, and it needs a new skid. A so its Form 2 is being performed. PLEASE help out down at the West Beach shed.

Ian Linke and his father Cliff have bought a Libelle.

GOODBYE & GOOD LUCK; to Martin White, whose work is taking him to Tasmania. He's done a marvellous job as club contact person. His expertise in flying and proving that all horses are the same colour, will be missed up on the field. He is leaving some time in February. Best of luck to you, and don't get withdrawal symptoms from Gliding!

O WEEK: Members' help will be appreciated during O Week. We need people to man the recruitment desk. O Week is from Mon 20th to Fri 25th February, and help will be needed to rig and de.rig gliders. We will be on the lawn from approx. 9am to approx. 5pm. Please contact me for details or if you can help out. FOR MEMBERS, DON'T FORGET TO RENEW YOUR MEMBERSHIP!

Please keep your flying safe. Treat the winch gently, it has now been repaired and is working well. Take care with sunburn and dehydration.

SEE YOU UP AT LOCHIEL.....

IN HEINSIGHT

by Don Hein

GOULD ONE, IAN!

Yes folks, we have had a couple of people go solo since the last newsletter went to print. Ian Linke went solo in early November, and the three Gould guys (Terry, Bradley and Steve) went solo on the same day in early January. Well done guys!

Congratulations to Cathy Hehir and Martin White for obtaining their Passenger ratings. Martin White managed a silver C distance by flying to Crystal Brook and return. Many other people over the past months have gone cross country, mainly to chase after the Come and Get It Trophy.

Andrew Wright dropped in from Gawler and claimed the Trophy from us! (Hiss) Thankfully Martyn Roberts, Picked it up from Gawler the following weekend. It's good to see the trophy back again!
